

ARMAAN CHANDRA

Nationality: New Zealand Citizen | **Phone:** 02102628864 | **Email:** armaanchandra001@outlook.com

Personal Statement:

I am constantly fuelling my hunger to learn through seeking personal projects in order to hone and develop new skills. I find it easy to get along well with others in both a social and professional context and believe that my best attributes are my humour and positive outlook. I have a strong desire to learn and excel – I invest all of myself to tasks and am always trying to improve. I am currently in my third year of a Bachelor of Engineering at Victoria University, majoring in Software Engineering. I am looking to for an internship where I can apply my skills and further continue to grow

Technical Skills:

Java:

- ❖ 3 years of University experience which has been developed through studying at Victoria University of Wellington

JavaScript & Sales Force:

- ❖ Knowledge developed in my penultimate year of studies and which is currently being developed through personal projects

C++ & GitHub:

- ❖ Industry experience gained through Internship at Navico developing C++ and using Git for version control within a large codebase.

Personal Projects:

Personal projects enable me to further learn and satisfy my curiosity in the fields I find interesting. More projects can be found: <https://github.com/The-Programmer-A>

- ❖ **Budgeting Application:** – An interactive tool enabling users to track and view information on their spending habits. This project's purpose was to learn the foundations of JavaScript.
- ❖ **Bookstore Application:** – An ECommerce website built with security in mind. Users can securely create accounts, browse books, add to cart and checkout the latest books from Google Books API.
- ❖ **Fitness Tracker Application:** – A mobile application created using the Ionic Framework. A fully functioning application with user registration, login and persistent data storage. It's purpose is to enable users to record and track their workouts.

Skills & Attributes:

Strong communication skills:

- ❖ My ability to converse ideas and build strong relationships has been developed through working within development teams at Navico and furthermore as a Sales Representative at 2 Degrees.

Committed worker & Team orientated:

- ❖ From working in industry I understand the importance of working together cohesively in order to achieve a common goal to reach deadlines. I believe that the characteristics of my person work well in team environments enabling me and my peers to thrive.

Patience and empathy:

- ❖ These are skills I have matured into through my various tutoring roles and experiences in team environments. These strengths have influenced how I work with others and have allowed me to feel comfortable in both meeting new people and working with others.

Self-motivated:

- ❖ I have no shortage of resolve in completing tasks. I pride myself on my work ethic. At times in the last few years I have worked up to three jobs, and upwards of 25 hours a week, while continuing to improve my performance at University. I enjoy pressure and think it gets the best out of me.

Academic Record & Achievements:

Victoria University of Wellington. 2017 – Present

Bachelor of Engineering with Honours Majoring in Software Engineering.

- ❖ Overall GPA of B+ throughout 3 years at Victoria University of Wellington
- ❖ Course Highlights:
 - SWEN 301 Structure Methods → A
 - SWEN 325 Software Development for Mobile → A
 - NWEN 304 - Advanced Network Applications → A
 - ENGR 302/302 - Group Project Management → B

Sporting Achievements:

- ❖ 2016 Onslow College second XI Captain
- ❖ Recognised as 'Most Team Player' – An award for the player that contributes most to the overall success of the team. – 2012, 2013, 2014, North Wellington Football Club.

Work History:

Summer Internship at Navico as Software Developer:

Industry experience using project management tools

- ❖ Obtained extensive knowledge of version control management with large codebases using Jira, Git and Bitbucket.

Communication and collaboration

- ❖ Worked as a part of professional teams collaborating on projects to complete tasks within a deadline.
- ❖ I gained understanding of the values required for a team to work towards a common goal and how to contribute to a team in a professional context.

Part time work at 2 Degrees as Sales Representative:

Customer service and sales skills

- ❖ Completed sales training developing strong customer communication skills.
- ❖ This gave me an understanding of how to build and maintain strong relationships with customers.

Time Management

- ❖ Built through dealing with many different roles efficiently in order to ensure all other responsibilities can be met throughout the day.
